Dear Mr. Haywood:

I would like to take the opportunity to express my opinion in support of the reactivation of the Copper Flat mine. It is my strong belief that industry and the government need to work closely together to encourage domestic production of our natural resources. By working together we can achieve the following:

- Ø Better employment prospects for local New Mexico residents.
- Ø Better "Balance of Trade" for the US economy.
- Ø Higher tax revenue for the State of New Mexico and local counties.

If you could enter my comments of support into the record for the reactivation of the Copper Flats mine I would appreciate it.

Sincerely,

Royce T. Raddatz
